INTERNATIONALISATION

The amount of international students is growing, therefore, we want to support them by means of “the Buddy Programme”. By connecting new international students to Dutch students we try to bridge the cultural gap as well as easing the practicalities like finding housing or opening a Dutch bank account. During this programme, multiple activities will be organised to connect the internationals with the Dutch culture including language courses, a trip to a Dutch sight and an international dinner. Interested in this programme or in becoming a Buddy? Please contact bestuur@idun.nl

MASTER COMMUNITIES

GLV Idun has set up three master communities that focus on a specific associated master. The master communities cater to the needs of the students of specific master programs on a career, social, and educational aspect. The purpose of the community is to create a direct link between the MSc and GLV Idun. You can benefit from specific activities that are connected to your master while meeting other master students. More information will be available in August on our website www.idun.nl.
